Subject: Letter of Recommendation

We have had "Next 2 Nothing" play at our facility in Stewartville, MN for approximately two years. During this time, the band has shown our customers their musical talents, versatility, and professional conduct. They also have a solid group of people that follow them. We have had excellent cooperation from them on all matters relating to their show.

Finally, our bar and staff can always look forward to a fun and profitable evening when "Next 2 Nothing" is performing.
